Climate & Clothing

The weather in Tel-Aviv in July is hot. No rain. Temperatures range 30°C- 24°C (86°F – 75°F). Casual dress is appropriate for all occasions. We suggest that you bring light clothing for the day and a jacket for the evening. Comfortable walking shoes, sunglasses, hats, suntan lotion and swimsuits are recommended for tours and outdoors activities.

Electricity

The Israeli power supply is single phase 220 volts at 50 Hertz. Most power sockets in Israel have three pin holes, but many of them will work with double-pin European plugs. Visitors who want to use shavers, travelling irons and other small appliances may need both transformers and adaptor plugs.

Currency / Exchange

The currency unit in Israel is the New Israeli Shekel (NIS), “Shekel” in short. International credit cards are accepted for payment in most hotels, restaurants and shops. Exchange offices and ATM machines are easily available throughout the city and at Ben-Gurion International Airport. We recommend that you change some money at the airport for immediate needs.

Liability and Insurance

The Meeting Secretariat and Organizers do not accept liability for any personal accidents or loss of or damage to private property of participants and accompanying persons during the conference, social activities, tours and any other activity. Participants are advised to arrange their own personal travel and health insurance for their trip.

Meeting Documents at Airport

We recommend that you keep the Meeting documents handy, in order to expedite the security process during check-in at airports for flights to/from Israel. It is recommended to arrive at Ben-Gurion Airport 3 hours prior to departure.

Balance of Payment

Please note that payment of any outstanding balance for registration, hotel accommodation, tours, etc., reserved on the Meeting Registration & Accommodation Form, must be made to Diesenhau-Unitours at the Hospitality Desk.
